Celebrating our 51st Year!

FEBRUARY 2012

WORLD PRAYER BULLETIN #426

Dear Friend and Light Worker,

This is a time of great challenge for each of us and for the world. Each day at the Fellowship we receive your prayer requests by telephone, mail, and email, so we know that many of you are confronting significant difficulties. But those difficulties, in fact, *are challenges to be met*, not problems to be feared — challenges you have chosen to overcome during this lifetime. This is why each of you and this Fellowship are here, to help yourselves and others through the power of prayer. Use this power constantly and have faith, not fear — faith that whatever the challenge is, it can and will be overcome with the divine grace of the Blessed Creator.

PLEASE PLACE THE FOLLOWING INTO PRAYER, ADDING OTHERS OF YOUR CHOICE:

- We ask that our President and the presidential hopefuls be kept in constant prayer and protection.
- We pray that all victims of fires, droughts, hurricanes, earthquakes, floods, and other catastrophes find peace, solace, and comfort, along with having their immediate needs met and being assisted in finding new places to live and in making a new life.
- We pray that our environment and all life forms on our planet be healed and protected.
- We pray that the misuse of private and public pension funds be brought into balance.
- We pray that hate, war, violence, suicide bombings, and terrorism on our planet be eliminated and that there be peace on Earth and goodwill toward all people.
- We pray that clean alternatives to fossil fuels be available and affordable for everyone.
- We pray that fear-based thought forms creating chaos on our planet be dissolved and transmuted through Light, prayer, and the Grace of our Blessed Creator.
- We pray that national and international trafficking in drugs, weapons, and humans be stopped.
- We pray that the consciousness of humanity be raised to accept all religions and ethnic groups without hatred, prejudice, or judgment.
- We pray that all forms of viral and bacterial infections and pandemic flus be blocked and returned to their own sources of emanation and sealed there permanently, and that good health prevails for all.
- We ask for assistance from Eugenia—a Nature Spirit—and all other Nature Spirits, so fires, floods, droughts, volcanic actions, earth movements, tornadoes, and all radical weather patterns, including those caused by solar flares, will be minimized or eliminated through Light and prayer.

We hold and energize the vision of a healthy Earth with pristine air, lands, and waters; and peaceful, joyous peoples—fulfilled, self-empowered, loving, and grateful—who live in an abundance of all good things, and who hold and energize for all an ever-evolving higher spiritual vision.

Thank you for your prayers and financial support, and we pray that you, our Fellowship family and friends, be kept within special healing and security in body, mind, and Spirit.

We ask that God's Will be done in regard to all situations mentioned above, and those added. We pray for rightful action and the highest good of all concerned in those situations, giving thanks to our Father-Mother God for help and continued guidance.

William Miller
